Elissa/Tim,

Do you have some more background on Difenoconazole? We have the press release from CFS's lawsuit (<https://www.centerforfoodsafety.org/press-releases/6655/lawsuit-challenges-fungicide-that-causes-neurological-harms-and-imperils-wildlife-endangered-species>) and the registration review summary (attached), but more background would be helpful, including about concerns we think CFS has, or concerns EPA has on it.

I'm copying Rick in case he has some additional guidance on what would be helpful.

Thanks,
Jonah
